FORENSIC DISCREPANCY & 2,000 ETB GAP REPORT

Deep analysis of Underpayments, Pending Orders, Replay Duplicates, and Bank Discrepancies

EXECUTIVE FINDINGS: THE 2,000 ETB BANK GAP SOLVED

1. Exact 2,000 Br Match (MID #52): Customer **Freselam Aschenki** placed a custom meal plan order on Oct 27 for exactly **2,000.00 ETB**. The money was wired to Coach Hilawe's CBE account, but the status remained 'PENDING' in the bot. This creates a direct 2,000 Br surplus in the bank.
2. Underpaid Bank Transfer (PID #638): Customer **Mehammed Sualih** transferred **450.00 ETB** (Ref: FT262803DQ37) to Coach's CBE on Oct 7. The bot marked it REJECTED because the order was 949 ETB, leaving 450 Br unaccounted in system revenue.
3. Genuine Rejected Slips (2,696 Br): 4 payments with real CBE codes (PID #658, #664, #678, #690) were rejected in the bot but may have been accepted in the bank.
